

# BRBC Podcast Step-by-Step Setup Instructions

Welcome to BRBC Podcasts! We are excited to offer this ministry to you and to offer this resource to help you get setup to have the Sunday morning sermons downloaded directly to your computer each week. Here are the simple steps that you need to follow to be on your way:

1. Visit <http://www.apple.com/itunes/download/> to download and install the latest version of Apple's iTunes for free. This software is the easiest way to subscribe to the BRBC Podcast. Follow the onscreen prompts to get setup.
2. Next visit the BRBC Podcasting homepage at [www.podcasts.bromleyroadbaptist.org](http://www.podcasts.bromleyroadbaptist.org). This site has more information about the BRBC Podcast and what a podcast is, etc. There is also a big link that reads "Subscribe to the BRBC Podcast". Click this link and follow the onscreen instructions. After what may be several minutes on older computers and slower internet connections, the recently iTunes will open. If iTunes doesn't open, click on the desktop icon to open it.
3. Once you get iTunes open, you will see the BRBC Podcast logo and information about the podcast. To the right of the logo, there is a button labelled "Subscribe". Click this button and the most recent 'episode' will be downloaded to your machine. You can view and listen to this episode by clicking on "Podcasts" on the menu to the left.
4. Double click on an episode to hear it. Should you wish to download it to a portable device (i.e. mp3 player, etc.) then plug your device in and synchronize it just as you would with music. Once the file is downloaded, it will be stored on your machine and can be added to the library of whatever program you use to synchronize your mp3 player.
5. That's all there is to it! Check back weekly to find the latest sermon online. Generally, the message should be online by the Wednesday following the sermon being spoken.
